

The Daily Courant.

Friday, May 27. 1720.

Madrid, May 14.

THE King, the Queen, the Prince, and the Infantes continue at Aranjuez. On the 14th Instant the Bishop of Tortosa was consecrated in the Church of the Jesuits College by the Patriarch of the Indies, and the same Day the Archbishop of Sevil received the Pall in the Parish Church of St. Martin. It is advised from Lisbon of the 15th inst. that the King of Portugal has nominated to the Viceroyalty of Brazil Don Vasco Fernandez Cesar de Meneses, formerly Viceroy of the Indies.

Warsaw, May 18. The Anniversary of the King of Poland's Nativity was solemnized on the 18th Instant with all Manner of Rejoycings, and the Court went that Day out of Mourning for the late Empress Mother. The Bishop of Polan has summoned several Persons who are in publick Stations, among others, M. Holtzbring, Postmaster-General, for having assisted at the Protestant Service at Silecz. It is advised from Dantzick, that some Swedish Frigates are arrived in that Road, to convoy to Gallschoon several Ships laden with Corn for the Service of the Swedish Fleet. Letters from Biala-Czerkiow, a Frontier Town in the Polish Ukraina, of the 27th inst. give an Account, that the Russians having augmented their Army on that Side by great Numbers of Calmucks and other Tartars, living along the River Don or Tanais, as also of the Cossacks under the Russian Dominion, are actually passing the Berysthenes, which has obliged the Polish Governour of the said Place to provide for its Security by placing Palisades about it, and taking convenient Measures for putting it into a State of Defence. Those Letters add, that there are continually Russian Couriers going and coming on the Road between Petersbourg and Constantinople. Prince Dolhorucki, the Russian Ambassador at this Court, gives repeated Assurances on the Part of the Czar, that he designs to maintain a constant Friendship with this Republick, and that they ought to take no Umbrage at his warlike Preparations on that Side. General Swerin, sent by the King of Prussia with certain Commissions to this Court, is hourly expected here from Berlin.

Hague, May 31. The States of the Province of Holland are to separate To-morrow. M. Burmania having desired to be recalled from his Embassy in Sweden, the said States have renewed their Instances with the States General for sending M. Goes thither in his Room, who shall reside afterwards at the Court of Denmark with the same Character he had there before. The Ship which was lately seized at Horn, because she was laden with Contraband Goods for Spain, has been released, the Spanish Minister here having engaged, that a Dutch Ship seized at Cadiz on that Account, shall also be set at Liberty. Our Merchants are very uneasy to hear from Ostend, that the Company there trading to the East Indies are expecting 5 or 6 Ships from thence with rich Cargoes, seeing that all the Representations that have been made to the Marquess de Prié for putting a Stop to that Rival-Trade, prove of no Effect: Another Inconveniency their Commerce labours under, arises from the Piracies of the Algerines, and other Barbarians, against which the Interposition of the Ottoman Porte can afford no Remedy: They have therefore applied to the States General with a Petition to furnish them with Convoys for their Ships which they are expecting from the East-Indies; upon which, their High Mightinesses have resolved to fit out five Men of War in Zealand, the Tessel, and the Maels, to go and lie at Lisbon to protect that Trade. We hear from Brussels, that the young Prince of Saxe-Zeits, Nephew of the Cardinal of that Name, is arriv'd there from Cologne, where he has a Prebend, and is treated by the Marquess de Prié with great Honours. The Chapter of the Bishoprick of Naumbourg or Zeitz in Saxony make Difficulty to elect the Duke of Saxe-Weissenfels to be Administrator of that Bishoprick, alleging that by the Laws of the Empire and their Convention with the Saxon Family they are at Liberty to chuse what Person they please, provided he be a Protestant and of that Family. It is advised from Hambourg, that Prince William of Hesse Cassel, Governour of Breda, accompanied by General Rank, arrived there on the 21st Instant, to proceed by the Way of Lubeck to Stockholm, to see the King of Sweden his Brother.
